Hon. Gov. Oglesby is at the Matteson House.

Gen. Dodge is at the Sherman House. Judge Drummond, of the U. S. District Court, is at the Tremont House, enjoying the cool breezes of the lake shore.

SUPERIOR PRINTING BY U. S. OFFICIALS.—We have had laid upon our table a large sheet of finely executed lithographic views, representing scenes in the Southern prisons, to which the Government is now causing us. Accompanying it is a neat little pamphlet, on the "Key" to the interesting sheet, which is the handiwork of Major Stevenson, and will no doubt be a very pleasing affair.

SCHMIDT'S COOKING EXTRACTS—A TESTIMONIAL.—John Wright, the well known confectioner of 244 State street, has made use of Schmidt's Extracts for a long time, and has always found them the best. He has adopted them in our business.

Chicago Lodge, No. 43, of Knights of Pythias, will meet this evening at 7½ o'clock, at Pythian Hall, corner of Clark and Randolph streets.

CHICAGO LYCEUM.—The following officers of the Chicago Lyceum were duly elected and installed at the last regular meeting:

President—H. W. Paine.

CHICAGO & ALTON RAILROAD.—A meeting of the Board of Directors of the Chicago & Alton R. R. was held at the TRIBUNE House, in this city, on Monday, at which a semi-annual dividend of three and one-half per cent, was declared on the preferred and common stock of the road. This amount will be paid for the current half year's business of this company, when we recall to mind the condition in which it was found by the Trustees a few years ago. The Chicago & Alton R. R. is now one of the soundest roads in the country, and is becoming one of the favorites.

MOVING BUILDINGS.—The great difficulty heretofore experienced in moving buildings over any other than a level ground, or on nearly level ground, has been thoroughly overcome by the process newly invented by Mr. J. S. McIntire, of this city. By this invention buildings can be moved up and down hill, and even over the most uneven ground, without even touch of the slightest jar to the walls. Frame dwellings are now being moved in operation on the corner of Clark and Kinzie streets, and the process can be seen at any time by all interested.

FOREIGN HORSE EXCITEMENT.—About two weeks ago Mr. John Beck, of Watertown, had a valuable horse stolen from his stable. He immediately came to this city and gave information to Superintendent Tuttle, of the police, and Detectives George Miller was detailed to look into the matter. Yesterday forenoon Mr. Miller discovered the horse stabled in exchange Wagon No 103. He arrested the driver, and took possession of the animal. The driver proved to be the man who purchased the horse at auction last Tuesday, as before stated, and was discharged.

PERSONAL.—Mr. Charles Webster, associate editor and proprietor of the *Detroit Press*, is now stopping at the Sherman House. Mr. Webster is an able and polished writer, and well capable of the responsible position he occupies in the prominent literary enterprise. In a fortnight, the Detroit Daily Press will be issued from the new and beautiful business and editorial rooms, and with a staff of writers unsurpassed in the West.
